

FOR IMMEDIATE RELEASE

**Dresser Wayne Signs Distributor Agreement
With Lynd Fueling Systems, Inc.**

Austin, TX (September 30, 2008) – Dresser Wayne, a global innovator of retail fuel dispensers and technologies, has signed a distributor agreement with Lynd Fueling Systems, Inc. The company will market Dresser Wayne’s complete portfolio of retail petroleum products in the northwest Texas region.

“Lynd Fueling Systems is a welcome addition to Dresser Wayne’s distributor network,” says Dan Gleeson, director of U.S. Distributor Sales for Dresser Wayne. “We both have long-standing reputations for serving our customers with unmatched quality products and service offerings, coupled with the highest level of honesty and integrity. We are extremely excited about this new partnership and the enhanced benefits this relationship means for our customers.”

As part of this agreement, Lynd Fueling Systems will market and service Dresser Wayne products in Dallas and Fort Worth, Texas as well as surrounding areas.

###

About Dresser, Inc.

Dresser, Inc. is a leader in providing highly engineered infrastructure products for the global energy industry. The company has leading positions in a broad portfolio of products including valves, actuators, meters, switches, regulators, piping products, natural gas-fueled engines, retail fuel dispensers and associated retail point of sale systems and air and gas handling equipment. Leading brand names within the Dresser portfolio include Dresser Wayne® retail fueling systems, Waukesha® natural gas-fired engines, Masoneilan® control valves, Mooney® regulators, Consolidated® pressure relief valves, and Roots® blowers and rotary gas meters. It has manufacturing and customer service facilities located strategically worldwide and a sales presence in more than 100 countries. The company's website can be accessed at www.dresser.com.

About Dresser Wayne

Dresser Wayne, headquartered in Austin, Texas, is one of the largest business units of Dresser, Inc., and is an industry pioneer for the retail fueling industry. Among its innovations, Dresser Wayne was the first to

introduce self-service consoles and fuel blending dispensers to service stations, in-pump card readers and cash acceptors, in-pump radio frequency identification payment systems and dispenser-mounted touch screen payment/communication systems. In addition, Dresser Wayne designs and markets software systems that enable its retail fueling customers to manage the convenience store aspects of their businesses more efficiently, including inventory control, price book management, labor management and site administration. The Dresser Wayne website is www.dresserwayne.com.
